Introduction

Welcome to Scientific Research Unit

Scientific research is a primary goal at the College of Science and Humanities in Sulayel because of its importance in pioneering knowledge, developing practical applications, and repercussions on social, economic, and scientific development. The college has been eager to provide an excellent environment for scientific research service, and has provided all support to researchers in order for them to contribute effectively in research activities to promote sustainable development and the knowledge economy, as well as to contribute to the realization of the Kingdom's 2030 vision.
